**María Pilar Queralt**

The Correspondence between Princess Elisabeth of Bohemia and René Descartes Princess Elisabeth of Bohemia, René Descartes, 2007-11-01 Between the years 1643 and 1649, Princess Elisabeth of Bohemia (1618–80) and René Descartes (1596–1650) exchanged fifty-eight letters—thirty-two from Descartes and twenty-six from Elisabeth. Their correspondence contains the only known extant philosophical writings by Elisabeth, revealing her mastery of metaphysics, analytic geometry, and moral philosophy, as well as her keen interest in natural philosophy. The letters are essential reading for anyone interested in Descartes's philosophy, in particular his account of the human being as a union of mind and body, as well as his ethics. They also provide a unique insight into the character of their authors and the way ideas develop through intellectual collaboration. Philosophers have long been familiar with Descartes's side of the correspondence. Now Elisabeth's letters—never before available in translation in their entirety—emerge this volume, adding much-needed context and depth both to Descartes's ideas and the legacy of the princess. Lisa Shapiro's annotated edition—which also includes Elisabeth's correspondence with the Quakers William Penn and Robert Barclay—will be heralded by students of philosophy, feminist theorists, and historians of the early modern period.

**Mujeres dentro y fuera de la Academia** Milagro Martín Clavijo , Juan Manuel Martín Martín , M<sup>a</sup> Isabel García Pérez, 2018-01-09 El presente volumen da cuenta de hasta qué punto las mujeres se han resistido a asumir el rol que tradicionalmente se les asignaba. Según este, el conocimiento y la mujer pertenecerían a esferas irreconciliables, de modo que asumir el deseo de saber implicaba simultáneamente perder la propia identidad femenina. Una de las consecuencias de este planteamiento se refleja en la tardía llegada de las mujeres al ámbito académico, pues su acceso se vio limitado de manera generalizada por trabas legales hasta avanzado siglo XIX. Es por ello que la mayoría de las mujeres de las que aquí se habla tuvieron que desarrollar su actividad fuera de la Universidad, preparando así el camino para que otras pudieran alcanzar esa meta.

**La guerra de los Treinta años 1618-1648** Cristina Borreguero, 2018-11-06 El estallido de la Guerra de los Treinta Años en 1618 significó el primer conflicto armado de dimensiones europeas, e incluso globales, en el que las grandes potencias se disputaron la hegemonía política y económica del continente. Cristina Borreguero nos acerca en una magistral obra, llamada a convertirse en la referencia sobre el tema, la historia total de unos de los conflictos más largos, trágicos e influyentes que marcaron inexorablemente el devenir de un orden europeo en el que España, a pesar de sus grandes victorias iniciales, perdió la preponderancia europea que ostentaba en favor de Francia y tuvo que reconocer, finalmente, la independencia de las Provincias Unidas. Las consecuencias políticas, sociales, demográficas y económicas derivadas de estos acontecimientos solo pueden compararse a las que las dos grandes guerras mundiales del pasado siglo dejaron: violencia,

desesperanza y una Europa en ruinas.

**Protagonistas de la Historia** María Pilar Queralt,2020-02-20 Una extraordinaria tarea de recopilación histórica, en la que la mujer es la gran protagonista. La mujer ha sido la gran relegada de los libros de historia lo que no quiere decir que no haya tenido una importancia decisiva en el devenir de la Humanidad tanto como protagonista como desde un segundo plano. Así lo demuestran una serie de anécdotas o curiosidades que revelan su ingenio, su astucia o su consejo tanto en el ámbito privado como en las grandes gestas de la humanidad. Desde emperatrices y reinas, pasando por las grandes rivalidades entre mujeres de distintas épocas, cortesananas, pensadoras, artistas y escritoras. La crítica ha dicho... «Una estimulante selección de pioneras en las luchas por de los derechos de la mujer.» El Periódico de Aragón «Una lectura diferente, ágil y entretenida. A través de anécdotas y curiosidades conoceremos a más de trescientas mujeres que han dejado huella [...] en la lucha por los derechos sociales de las mujeres.» ¡Qué bello es leer!

**Una historia compartida** Julia Navarro,2023-02-23 El libro más personal de Julia Navarro Una sugerente invitación a compartir las historias escritas y vividas por mujeres: con ellos, sin ellos, por ellos, frente a ellos. Hasta el siglo XX la Historia la escribieron los hombres. Eso explica por qué las mujeres apenas aparecemos como sujetos de las historias de la Historia. Sin embargo, la lista de aquellas que la protagonizaron es extensa: desde diosas hasta reinas, desde cortesananas hasta científicas, desde actrices hasta santas, desde escritoras hasta políticas... Hemos estado en todas partes, aunque un manto de silencio se empeñara en cubrirnos o ignorarnos. Eso sí, no podemos contar las historias de estas mujeres sin tenerlos también en cuenta a ellos, porque desde el principio de los tiempos las vidas de hombres y mujeres han estado entrelazadas y

no se explican las unas sin los otros, es decir con ellos, sin ellos, por ellos, frente a ellos o con la ignorancia de ellos. Por eso, este libro no es solo la historia de ellas sino la de todos, pero contada no a través de la supremacía masculina sino desde un lugar común. No se entiende a Cleopatra sin César ni Marco Antonio, ni a Helena de Troya sin Paris, ni a Frida Kahlo sin Diego Rivera, ni a Simone de Beauvoir sin Jean-Paul Sartre o a Virginia Woolf sin Leonard Woolf... Este libro es un relato personal, un viaje a través de mis inquietudes y lecturas, mi encuentro con historias protagonizadas por mujeres, ya sean reales o criaturas literarias, sin olvidar el papel de los hombres que estuvieron cerca de ellas, para bien o para mal. Y ahora doy comienzo a esta historia. Una historia compartida. Julia Navarro

*Feminist Reflections on the History of Philosophy* Lilli Alanen, Charlotte Witt, 2006-01-17 Feminist work in the history of philosophy has come of age as an innovative field in the history of philosophy. This volume marks that accomplishment with original essays by leading feminist scholars who ask basic questions: What is distinctive of feminist work in the history of philosophy? Is there a method that is distinctive of feminist historical work? How can women philosophers be meaningfully included in the history of the discipline? Who counts as a philosopher? This collection is a unique collaboration among philosophers from North America and the Nordic Countries, including papers written from both analytic and continental philosophical perspectives and discussing both ancient and modern philosophers. *Feminist Reflections on the History of Philosophy* will be of interest to historians of philosophy, feminist theorists, women's studies faculty and students, and humanists interested in canon formation and transformation.
